

2022 Subject Index

14% isoexpansile C3F8	64	Choroidal thickness	168
Abducens nerve palsy	291	Choroidal tumor	125
Acute hydrops.....	64	Choroidal vascularity index	168
Acute retinal necrosis.....	405	Cicatricial ectropion.....	72
Acute-onset strabismus.....	96	Ciliary body tumor	125
Adjuvant treatments.....	237	Ciliary sulcus	223
Aflibercept.....	179	Closed globe injuries	216
Age-related macular degeneration.....	23, 179, 338	Combined hamartoma of the retina and retinal pigment epithelium	421
Amblyopia.....	168, 246	Complete optic nerve avulsion.....	216
Amniotic membrane inlay technique	162	Complicated retinal detachment.....	119
Amniotic membrane transplantation.....	237, 348	Computer vision syndrome.....	295
Aniridia	208	Confocal microscope	386
Anterior segment depth	228	Congenital hypertrophy of the retinal pigment epithelium.....	421
Anti-VEGF.....	179, 338	Congestion.....	6
Anti-VEGF treatment	45	Conjunctiva	366
Antiviral agents	405	Contact lens.....	1, 309, 386
Aphakia	223	Contact lens-associated microbial keratitis	309
Apoptosis.....	379	Contrast sensitivity	394
Artificial gravity.....	57	Convolutional neural network	193
Artificial intelligence.....	193	Cornea.....	318, 366
<i>Aspergillus</i>	75	Corneal chemical burn.....	348
Astrocytic hamartoma	421	Corneal compression sutures.....	64
Atypical central serous chorioretinopathy.....	147	Corneal endothelium	379
Autism spectrum disorder	246	Corneal sensitivity	386
Axial length.....	228	Corneal topography	50
Bacillary layer detachment	400	Coronavirus disease 2019.....	139
Bank workers.....	295	COVID-19.....	86, 91, 102
Behçet's disease.....	xxx	Culture	1
Benzalkonium chloride.....	302	Cystoid macular edema.....	276, 432
Bevacizumab.....	179	Demyelination.....	291
Bietti crystalline dystrophy	212	Dermatofibrosarcoma protuberans.....	436
Bilateral acute depigmentation of the iris	342	Descemet's membrane detachment.....	64
Bilateral acute iris transillumination	342	Descemet's membrane rupture	64
Bleb leak.....	440	Descemetopexy	64
Bleb leakage.....	352	Diabetic macular edema	179
Blepharoplasty	50	Diabetic retinopathy.....	331, 394
Blepharoptosis	50	Diagnostic imaging	324
Blood supply.....	324	Diplopia.....	291
Branch retinal vein occlusion.....	276	Disorganization of the retinal inner layers.....	109
Brimonidine	262	Down syndrome	220, 221
Brinzolamide	262	Dry eye	153, 155, 157, 366, 374
Bullous keratopathy.....	162	Dry eye syndrome.....	50
<i>Candida</i>	75	Ectropion	72
Central corneal thickness	318	Endogenous endophthalmitis	139
Central retinal vein occlusion	276	Endogenous fungal endophthalmitis	139
Central serous chorioretinopathy	142		
Chemosis	6		

2022 Subject Index

Endoresection	125	Lens formula	228
Endothelium.....	208	Long-term erlotinib.....	72
Eplerenon.....	147	Low vision rehabilitation.....	14, 23, 186
Erlotinib	72	Lung cancer	72
Exudative retinal detachment.....	37	Macula	212
Eye tearing.....	436	Macular hole.....	119, 212, 360
Familial exudative vitreoretinopathy.....	174	Macular neovascularization.....	45
Familial Mediterranean Fever.....	286	Macular telangiectasia.....	45
Filamentous fungus	75	Marfan syndrome.....	440
Fine needle aspiration biopsy.....	125	Medial canthus tumor	436
Fixation stability.....	23	Medical treatment	302
Fixed combination	262	Meibography.....	157
Fornix stenosis	237	Meibomian gland	153, 155
Free autologous retina graft	360	Meibomian gland dysfunction.....	157, 366
Frosted branch angiitis	286	Microbial keratitis	1, 309
Fungal keratitis.....	75	Microgravity	57
<i>Fusarium</i>	75	Microperimetry.....	14, 23
Gastrointestinal tract malformations	174	Mistakes related to contact lens use.....	309
Gene therapy	270	Mitomycin-C.....	237
Genetic	174	MNREAD.....	186
Glaucoma.....	91, 193, 262, 302, 352	Morphology	379
Glaucoma treatment.....	91	Moxifloxacin	342
Globe trauma	102	Multiple sclerosis.....	291
Gonioscopy-assisted transluminal trabeculotomy.....	352	Myopia.....	412
Graft-versus-host disease.....	366	Nanophthalmos	37
Handheld laser.....	281	Near vision examination.....	186
HbA1C values	394	Neovascular age-related macular degeneration.....	157
Heavy silicone oil	119	Neuro-ophthalmology	96
Hedgehog pathway.....	174	Non-arteritic anterior ischemic optic neuropathy.....	30
Hemicentral retinal vein occlusion.....	286	Non-ocular symptoms	295
Hereditary retinal dystrophy	270	OCT angiography.....	360
Herpes simplex virus	405	OCT-A.....	30
Hyperopia.....	201	Octagonal suturing.....	348
Idiopathic epiretinal membranes	109	Ocular biometry	412
Indocyanine green angiography.....	147	Ocular hypertension	342
Inflammation.....	324	Ocular surface	208
Inner retinal thickness	331	Ocular Surface Disease Index.....	153, 302, 348, 386
Intensive care unit	6	Ocular symptoms	295
Intracameral injection.....	379	Ocular toxicity.....	72
Intraocular lens implantation	223	Off-label	179
Intraocular lenses	201	Optic nerve hypoplasia	246
Intraocular pressure	262	Optic nerve sheath.....	216
Intraocular tumors	125	Optical coherence tomography ...	212, 276, 281, 318, 360, 400
Intravitreal injection.....	157	Optical coherence tomography angiography ..	30, 252, 331, 432
Keratoplasty.....	208	Orbit	356
Laser pointer.....	281	Orbital radiotherapy	436
Lens dislocation	223	Orbital tumor.....	436

2022 Subject Index

Outer retina rupture	286	ROC curve.....	201
Pachymetry.....	318	<i>RPE65</i> gene.....	270
Pandemic	102	SARS-CoV-2	6
Pars plana vitrectomy	125	Schirmer	374
Partial lamellar sclerouvectomy	125	School children	412
Partial sclerectomy.....	37	Sclerotomy	37
Penetrating keratoplasty	86	Serous macular detachment	276
Persistent epithelial defect.....	348	Serous retinal detachment.....	400
Phacoemulsification	201	Simple congenital hamartoma of the retinal pigment epithelium	421
Photodynamic therapy.....	142, 147	Solitary fibrous tumor.....	356
Pigment dispersion.....	342	Space radiation.....	57
Pigmented paravenous retinochoroidal atrophy.....	432	Spaceflight-associated neuro-ocular syndrome	57
Polypoidal choroidal vasculopathy.....	338	Steroid	142
Poor visual prognosis	162	Strabismus	246
Posterior sub-Tenon triamcinolone acetonide	281	Subbasal cell density.....	386
Posterior uveitis.....	139, 286	Sudden loss of vision.....	286
Povidone iodine	69	Surgical treatment	356
Predictive error	228	Survey study	302
Preferred retinal locus	23	Sutured intraocular lens.....	440
Preferred retinal locus training	14	Symblepharon.....	237
Primary open-angle glaucoma	252	Tear break-up time	374
Prognostic factors	109	Tear osmolarity.....	374
Prolactinoma.....	374	Telemedicine.....	86, 193
Proliferative vitreoretinopathy	119	Thromboembolism	324
Pseudo-bleb	440	Toxic anterior segment syndrome.....	69
Pseudoexfoliation glaucoma.....	252	Toxic keratopathy	69
Pseudomonas	309	Trabeculectomy	352
Pterygium.....	69	Traumatic optic nerve avulsion.....	216
Radiotherapy	125	Tris-acryl gelatin microsphere	356
Ranibizumab	179	Tumor embolization.....	356
Reading acuity.....	186	TUNEL assay.....	379
Reading speed.....	186	Type 2 diabetes mellitus	394
Refraction	220	Uveal effusion	37
Refractive error	221	Uveitis	142, 400
Refractive errors.....	246	Varicella-zoster virus.....	405
Retina	324	Vessel density	252
Retinal autograft.....	360	Viral retinitis	405
Retinal cavernous hemangioma	421	Vision	220
Retinal detachment	360, 405	Visual field	252
Retinal hemangioblastoma	421	Visual impairment.....	221
Retinal laser injury	281	Visual outcome.....	109
Retinal vascular disease.....	174	Vitiligo.....	153, 155
Retinal vascular sheathing.....	286	Vogt-Koyanagi-Harada disease.....	400
Retinal vein occlusion.....	179	Yeast fungus	75
Risk factors.....	295
